Telex: 265871 MONREF C
(Quoting ref. MAG 2021)

Now one of the largest manufacturers of vacuum formed kits worldwide, we are pleased to list below the ever-increasing range of Formaplane products.

During 1986, we shall be introducing a wide range of metal accessories to be offered separately from the kits. However, some of the earlier kits will have metal parts included with them and all the new additions will contain both the metal parts and, in many cases, superbly printed decals.

The Formaplane range is available worldwide from specialist dealers and mail-order hobby houses. But, in case of difficulty in obtaining your supplies, or if you wish to place a standing order for the new releases, you can contact our own mail-order company - MHW MODELS LTD., Concorde House, 46 Haworth Rd., Crossroads, KEIGHLEY, WEST YORKSHIRE BD22 9DL U.K. - who will be pleased to provide your requirements.

Traders and/or Dealers are welcome to request trade terms from us.
